In the interest of continuously improving the CHRIS program, the Help Desk would like to announce the following improvements and training offerings.

1. Changes to the Screening and Evaluation screens.

    a. On the Screening screen, the Interpreter Used field has been moved down to join the Referral for Screening Date, Date of Final Result, and Final Screening Result. This has resulted in a new screen layout.

    b. On the Evaluation screen, the Consent Received Date field has been added, and the Interpreter Used field has been moved to join the Referral Date, Completion Date, and the Parent Consent Date fields. This has resulted in a new screen layout.

2. The CHRIS Help Desk is offering two Standard Reports trainings. These trainings are open to all users who are interested in learning how to use the Standard reporting features in CHRIS.

    a. The first training is scheduled for March 4, from 9am to 12:30pm EST. To register for this training please click on the link below:

    https://miami.zoom.us/meeting/register/x38LibKPR2uEEEaFc2g5Pg

    a. The second training is scheduled for March 13, from 12pm to 3:30pm EDT. To register for this training, please click on the link below:

    https://miami.zoom.us/meeting/register/XheFzJrpSkKePl6Lh_LpCQ

3. Coming Soon: To facilitate the completion of timelines, the following fields from the Child Outcomes Summary (COS) form will be imported into CHRIS. Data import will occur only for open timelines with corresponding blank fields. Confirmation of this process can be verified by reviewing the notes field associated with each event.

    a. Referral for Evaluation Date

    b. ESE Primary Exceptionality

    c. IEP/IFSP Date

4. Coming Soon: Multi-Factor Authentication (MFA). To login to the CHRIS program, users will need to utilize one of the commonly available authentication programs. Some examples are Google Authenticator or Microsoft Authenticator. For a complete list of CHRIS compatible Authenticator Applications, please contact us at The Help Desk.

If there are any questions, please do not hesitate to contact the CHRIS Help Desk.
